

Center for Medicare and Medicaid Innovation (CMS Innovation Center) – Medicare Diabetes Prevention Program Methodology

This dataset contains various data points related to suppliers participating in the Medicare Diabetes Prevention Program. This data is formatted for mapping. The data can include initiative name, organization name, geographic location including street address, city, state, and zip code, website URL, telephone number, National Provider Identifier number, unique dataset identification number, and categories related to health care quality, cost, payment, and delivery. When the CMS Innovation Center updates an entry on the Medicare Diabetes Prevention Program web page, a corresponding entry may be added to this dataset. These data points are displayed on the CMS Innovation Center's website for public consumption, primarily on the Map of MDPP Suppliers furnishing MDPP Services web page.
